Established Sourcing Platform

Sports Source Europe originates from sourcing_ispo – an already strongly established sourcing platform held previously during both ispo winter and ispo summer.

sourcing_ispo is a separate sourcing community - on prominent location in halls C1 and C2 (between the two main ispo entrances). It is fully integrated into the entire ispo trade show concept.

At ispo winter 09, the sourcing_ispo will be turned into the new sourcing platform for sports equipment and apparel – Sports Source Europe.
